**California's Clean Air Project**  
Working to fight the effects of secondhand smoke

# Building respectful relationships with California Tribal Nations

- A collaborative approach has led to success in assisting tribal leaders and implementing smoke-free policies in Indian Country.
- We offer Technical Assistance for tribal entities in California to voluntarily develop and adopt smoke-free policies.
- We work with Tribal Leaders, policy makers and health departments at the county and state level.

## CCAP serves and assists:

- Tribal Nations
- Tribal Casinos
- California Counties
- Policy Makers
- Tobacco Control
- General Public in California
